Great White Brotherhood

THOMAS PRINTZ' PRIVATE BULLETIN. A BRIDGE TO FREEDOM PUBLICATION.

November 9th 1958. VOL. 7. NO. 32.

Good friends upon The Pathway Home:

The self-governing Body, known to the world as The Great White Brotherhood, is composed for the most part of perfected Beings Who have chosen, through love, to remain as Part of the evolution of the Earth.

Every member of The Brotherhood, gives the fulness of His good to the Whole and you, dear chelas, have the privilige of drawing on the momentum of the entire Brotherhood when you are performing a Service in Their name. They will eagerly rush with the full power of Their Light to assist in any endeavor to expand God's work. Use your understanding and connection with this Great White Brotherhood and see for yourselves the Powers that They can and will wield for you and through you .

There is but one Way out of the present human chaos and that is through the Way of Pure Divine Love used by The Brotherhood. Anticipating their coming to the fulfillment of their Divine purpose in the Universe long before the many, students who are privileged to enter into the outer court of The Great White Brotherhood are of great service to this Holy Order during the process of their training. The goal of this Great Inner Order is to include every individual belonging to the Planet Earth, and eventually all of mankind will become a Universal White Brotherhood dedicated in purpose to upliftment even as the Inner Order is today.

The "I AM" Presence of an unascended individual is often a member of the Inner Order for centuries before the outer self is accepted, because the "I AM" Presence, in Its great desire to expand good, is by nature One with the Cause of The Great White Brotherhood. The outer self, in any service where good was or is accomplished, releases energy into the Causal Body, and thus places at the disposal of the Great White Brotherhood more Substance through the Open Door of that one's own "I AM" Presence and Holy Christ Self.

People for many years, as I have said, have served The Brotherhood through their own inner nature while the outer self was not yet developed sufficiently to consider themselves part of this Cause. However, when the outer joins the "I AM" Presence in the desire to assist, in whatever small measure, it can bring God's Love and Harmony into the world, the affinity created by the "I AM" Presence and the Holy Christ Self with the consciousness of The Great White Brotherhood through those long years of service can be released into the outer mind with the speed of Light.

So, dear ones, to experience a release from the pressure of mankind's discordant radiation reach into the Heart of your "I AM" Presence and ask for that consciousness Which is in every member of The Great White Brotherhood. Then will you experience Its Freedom, Healing and Peace.

Love and Blessings

THE MAHA CHOHAN.

Dear Hearts- Our prayers and appreciation are yours for your expressions of interest and love, and for your material help in supporting this Service of the Great Ones.

THE LIGHT BEARER

THE PURPOSE of this publication is to keep in constant contact with Sanctuary Directors, Group Directors and Students on matters of interest to them and The Bridge to Freedom Activity as sponsored and sustained by the Ascended Master El Morya.

FROM THE OFFICE of the General Manager of The Bridge to Freedom, Inc. Apartado 2056, Havana, Cuba.

NOTICE No 2 NOVEMBER 15, 1958.

TO ALL SANCTUARY AND GROUP DIRECTORS
AND TO ALL STUDENTS

It has been drawn to our attention that a former representative of THE BRIDGE TO FREEDOM, INC., having access to our mailing lists, has used such lists to distribute circulars of a disturbing nature among the students of this Activity.

This is the usual procedure followed by those who like this ex-representative are used to imposing their own dominating will upon their associates for aggrandizement of the personality, and which is definitely NOT one of the ASCENDED MASTER PRINCIPLES which the Great Ones have endeavored to foster in every student since the inception of this Great Activity, seven years ago.

In the light of the above situation, we earnestly request that all Sanctuary and Group Directors and all students now courageously and SINCERELY stand and decide which of the following three roads they wish to walk toward their Ascension:

FIRST - To continue gratefully and loyally as a part of The Ascended Masters and Their BRIDGE TO FREEDOM ACTIVITY through which they have received, during the last seven years, the Wealth of the Love and Instruction of the Beloved Ascended Master El Morya, the Beloved Maha Chohan and the Great Host of Ascended Masters and Cosmic Beings Who sponsor and sustain THE BRIDGE TO FREEDOM, INC.

OR SECOND - To follow a personality completely disconnected from this Activity and the Teachings of the Ascended Masters as presented by It who is trying now to disturb and undermine the foundations of a world Order so carefully and lovingly prepared during the past seven year cycle.

OR THIRD - To remain "on the fence", fearing to displease one, and sincerely wishing to be with the other, or worse still acting as a traitor.

Your decision and reply, forwarded to me personally, will be gratefully appreciated by the Ascended Masters and myself.

This information is required NOW in order that our plans of re-organization may be carried out to expand our Activity on this - the Dawn of our second seven year cycle.

Always in the Service of the Light, and a
Defender of Principle versus personality.
